With a big win in the John Battaglia Memorial Stakes at Turfway Park on February 26th, Hush of a Storm picked up 10 Kentucky Derby points and is officially on the trail to the first Saturday in May. The New York-bred colt by Creative Cause is the first foal for his dam, Hush Now, who is a seasonal resident and is owned by longtime clients Dutchess Views Farm. Hush Now has a two-year-old filly by Runhappy, a yearling colt by Mastery, and is currently in foal to Distorted Humor. We will be cheering him on this spring as he chases the roses!

Coal Creek Farm Celebrates a Fantastic February

Kartano breaking maiden at Gulfstream

Kartano as a foal in May 2018

We are thrilled to congratulate Barbara Ratcliff's Coal Creek Farm on a stellar month of February. First on February 5th, Kartano broke his maiden first ask in very impressive out-of-the-clouds fashion at Gulfstream Park. This three-year-old son of Tamarkuz was bred by Coal Creek Farm and consigned by Endeavor Sales for $37,000 at Fasig-Tipton July 2019. Next on February 19th, I'm Leaving You notched the second win of his career with a 1 ¼ length victory as the heavy favorite at Santa Anita. This colt by Broken Vow is a homebred for Coal Creek Farm. Both of these horses were foaled and raised at Endeavor Farm and are out of longtime resident One for You. We have certainly enjoyed watching these horses as they cruise to victory. Way to go Coal Creek Farm!
