## Royal Charlotte Much the Best in Grade II Prioress

Add a Grade II victory to the long list of accomplishments in Royal Charlotte's brief but near flawless racing career. After suffering her only lifetime defeat in the Gr. I Test on August 3<sup>rd</sup>, Chad Brown decided to run her back in the Gr. II Prioress Stakes on August 31<sup>st</sup>. The original plan was to give her a little more time before her next race, but Brown felt like the dirt surface at Saratoga had changed since her previous race where she never seemed to feel comfortable with the footing. His intuition paid off with a decisive 1 ½ length score! A great job by all connections involved.

## Lost in Limbo Passes Allowance Test With Flying Colors

Sometimes after a horse breaks its maiden it may take a few starts before he or she is ready to compete at the next level. Not the case for Lost in Limbo (Into Mischief – Secret Humor, by Yes It’s True)! After his decisive maiden win at Laurel Park in July, Lost in Limbo headed down to the new and improved Colonial Downs to try his hand in a \$60,000 first-level allowance race on August 17th. The bay gelding broke well and sat just off the early pace, then tried angling in toward the rail coming around the far turn. With no room to run on the inside jockey Keiber Coa swung him back out in the stretch and when Lost in Limbo got the signal he went! A strong stretch run put him under the wire first, a full length in front of his next foe. Great job by trainer Tom Proctor and a huge congratulations to John Kuehl’s Willow Lane Stable for picking up a second consecutive victory with this very talented homebred!
