Tipsy Runner Rallies to Break Maiden

Endeavor Farm-bred Tipsy Runner (Omaha Beach - Stand Back, by Giant's Causeway) picked up her first win with style, coming from way behind in a maiden special weight race at Fair Grounds on January 21st. The bay three-year-old came zooming from the back of the pack to get up just in time with a scintillating rally down the stretch. Her half-length victory comes on the heels of two very game second place efforts. A well-deserved win for conditioner Tom Amoss and a perfectly timed ride by pilot Corey Lanerie. What a great way to start the year!

Two Wins in Three Days for Sales Grads

Two of our Endeavor Sales graduates put forth great efforts to add another win to their resumes on January 10th and 12th, with both scores coming at Penn National. First up was Pratt (Race Day - Bluegrass Gin, by Bluegrass Cat) who tallied the fifth win of his career as a seven-year-old! Next was Throwback (Destin - Vivian Da Bling, by Too Much Bling) who won by open lengths to earn her best ever Equibase Speed Figure. Both of these horses were bred by JRita Young Thoroughbreds. Great job by all connections and best of luck in the future.

Fire Claims Barn at Rimroc Farm

On Sunday, January 21st, our good friends over at Rimroc Farm experienced every farm's worst nightmare: a barn fire. On a very positive note, the barn was void of horses and people and there were no injuries associated with the fire. However, the barn is a total loss and several pieces of expensive farm machinery and equipment were destroyed. For those of you who don't know Bill and Beth Wofford, they are two of the nicest people you will ever meet, not to mention world class horse people. They have been breaking and pre-training young horses for us and our clients for decades. Bill, Beth, and their staff do an outstanding job and provide the best of care for their horses. That barn was their only barn so they are trying to get back up and running as quickly as possible. For those of you who can, we encourage you to make a donation to help at: <https://www.spotfund.com/story/18a7f9d7-0181-4169-8288-f0438b0f8a63>
